PROFILE

As a web developer, I focus on crafting digital solutions to enhance the online user experience. My passion for technology and continuous pursuit of learning have enabled me to seamlessly adapt to new environments and development approaches, keeping me up-to-date with the latest industry trends.. I prioritize collaboration and effective team communication, constantly seeking opportunities to grow and refine my skills as a developer.

PROFESSIONAL PROFILE

I have successfully completed several projects, utilizing a variety of technologies and frameworks, such as React JS, JavaScript, HTML, CSS, Bootstrap, Sass, ExpressJS, NodeJS, MongoDB, Git, and GitHub. These projects are showcased in my portfolio, which you can find at https://cristianmozetich.netlify.app/. I am currently actively seeking an opportunity to apply my knowledge and skills.
